"A Man's Past"

His Past Threatened Him Like a Hanging Sword!

The gripping drama of an eminent surgeon who escaped from a living death to fame and favor, but whose grim past cast its shadow before him at every turn on the road to happiness. Amazingly different. Intensely exciting. Beautifully romantic.

Comedy "What an Excuse"
and Paramount News.

Try a "Want" Advertisement.

Big Carnival January 24th

A grand carnival will be held in the Champion rink on Tuesday evening, January 24th. Prizes will be offered for the best Lady's costume, best gent's costume, best girl's costume, best boy's costume, best lady's and best gent's comic costumes, best children's comic costume. Prizes will also be given for the following skating races: boys up to 9 years, boys 9 to 12, boys 12 to 14, men's open, girls up to 9 years, girls 9 to 12, girls 12 to 16, ladies' open. Admission, adults 50c, children 35c and 20c.

Mrs. Henry Smith Dies Suddenly

The news of the death of Mrs. Smith, which occurred at the Cardston hospital following an operation on Monday, came as a shock to residents here where she had resided with her husband until about a year ago. The deceased, who was in her 30th year, leaves a husband and three small children in addition to her parents, Bishop and Mrs. Pitcher, and a large number of other relatives to mourn her loss. Mrs. R. D. Smith and Mrs. P. P. Peterson left on Tuesday to attend the funeral. Mr. and Mrs. Henry Smith had resided at Hillspire during the past year.

New School Building Discussed at An. Meeting

There was a good attendance at the annual school meeting on Saturday. The election of two trustees resulted in the selection of S. Fath, who succeeds P. Holm, and the re-election of F. Flemming. The question of building a new schoolhouse was brought before the meeting by the board and was favorably received. A meeting will be held later in order to bring the matter before the ratepayers with the view of submitting a bylaw for the purpose.

On Thursday evening, January 19th, at 8 o'clock, Rev. W. M. Grant, M. A. of Hillhurst church, Calgary, will give an address at the annual meeting of the local congregation. Champion is fortunate in securing Mr. Grant for this occasion, as he is the president of the Alberta conference of the United Church for this year and has many demands on his time. Mr. Grant is of pleasing personality and an interesting speaker. His subject "The Challenge of the United Church of Canada." At this meeting reports for the work of the year will be received. A hearty invitation is given to all people interested in any way in the work of the church in the community.

G. F. Smith is in Calgary attending the U.F.A. convention.

Roy Taylor is in the Holy Cross hospital, Calgary, for an operation for appendicitis.

It is certainly encouraging to see wheat moving freely again. Trucks, wagons and sleighs are all being used in its delivery.

By an error in last week's issue Fred Saddler was credited with having rented Jas. Roebuck's farm. It should have been Fred Siler.

The executors of the E. Zunk Estate are holding a sale of farm equipment, stock and household effects on February 1st. See advt. in this issue.

Mrs. Jas. Brown Dies at Calgary

Mrs. Jas. Brown, who was taken to the Holy Cross hospital Saturday evening, died a few hours after reaching the hospital. Funeral arrangements have not been completed, but interment will take place in Calgary. The family will have the sympathy of the community in their sudden bereavement.

Capt. Dancey Here Jan. 23rd

Capt. Dancey, rated by the press as one of the most brilliant and fascinating speakers on the platform, will deliver the following addresses here on Monday, Jan. 23rd:

- 10:30 a.m.—High School and upper grades.
- 12:00 Noon—Board of Trade luncheon.
- 5:00 p.m.—Women's meeting (Sponsored by the W.L.)
- 8:00 p.m.—Community gathering in Campbell's Hall. Good musical program addressed by Capt. Dancey, open forum question period. The program is to be under the auspices of Champion Elks lodge, with the co-operation of all local organizations.

Alston Organizations Elected Officers

The following officers and convenors of the Golden Rule U.F.A. were appointed for 1928 at the meeting held on Jan. 12, 1928, at the home of Mrs. L. B. Ohlheiser: President, Mrs. M. Isaeson; Vice-Pres., Mrs. L. B. Ohlheiser; Sec-Treas., Mr. M. Beingsen; Director, Mrs. G. E. Lawrence, Mrs. Brown McDonald, Mrs. Munroe, Auditor, Mrs. Albert Wanop, Sick Committee: Mrs. J. Archibald (Champion), Mrs. Geo. Galbraith (Vulcan). The following convenors were appointed for 1928: Legislation, Mrs. D. H. Galbraith; Immigration, Mrs. P. McDonald, Canadian Industries, Mrs. Gay, Yolisey, Agriculture, Mrs. A. Wanop, Child Welfare, Mrs. Isaeson; Household Economics, Mrs. L. Ohlheiser; Education and Better Schools, Mrs. E. G. Lawrence.

Owing to the cold weather the Alston U.F.A. and the Community Hall held their annual meetings on the same evening. The U.F.A. held a short meeting and elected officers for the coming year, after which the Community meeting was held. In the U.F.A., W. M. Isaeson as President, G. E. Lawrence, vice-president and Sam Beingsen, Secretary, were re-elected. The president and secretary were chosen as delegates to the convention in Calgary this week.

Officers elected for the Community were as follows: B. H. McDonald, president; W. Bowie, vice-president, Mrs. W. M. Isaeson, Sec-Treas.

The Alston executive have arranged a good program for the winter, so watch for the dates for the big masquerade dance and old-timer's dance in the near future.

E. Cemulini, late of Taber and more recently of Calgary, took over the Sawmill lot from J.W. Murphy on Monday morning. Mr. Cemulini is an experienced millwright and should be an acquisition in the Sawley. He anticipates making considerable improvements to the premises in the near future.

THURSDAY, JAN. 10, 1928

NOTES AND COMMENT.

Canada's trade statement for the calendar year of 1927 will show exports of about \$1,238,733,004 and imports of \$1,087,110,801, with a favorable trade balance of \$151,666,000. Such figures are staggering.

Michigan's slayer of a fire-eyes girl, and mutilating her body, has been caught and is now being defended by lawyers. It is little wonder determined efforts are being made to summarily avenge such a revolting crime.

Lethbridge realtors report a strong demand for Southern Alberta lands. Such a crop as was grown in 1927 could not fail to impress landseekers.

Threshing, which had begun at isolated points in the south, was stopped by the heavy fall of snow. Everyone with threshing to do is hoping to get at it before spring work commences.

The U.F.A. is meeting in Calgary this week and while there would not appear to be any very exciting business on their program, it is quite possible something may turn up to make the occasion memorable.

A new scheme was worked in Winnipeg by thieves. False fire alarms in and the clothes of the frenzied ridded while they were responding to the call. The most surprising about this is that a firebrand should be deserted under any circumstances.

GENERAL NEWS

Alberta's agricultural products in the year 1927 reached a total value of \$338,161,458, an average per farm of \$4,385, it was announced by Hon. George Hoadley in addressing the

annual dinner of the Alberta Provincial Livestock Breeders' Association in Edmonton on Wednesday. In 1925 the total value of farm products in the province was \$261,000,000 and in 1926 farm products were valued at \$31,881,000.

Captain C. S. Pingle, M.L.A., for Medicine Hat and former Speaker of the Alberta House in the Stewart government, died suddenly at his home in Medicine Hat on Tuesday, January 10th. Mr. Pingle was unusually well known in the province having come to Alberta from Regina nearly thirty years ago. For many years past he had taken a keen interest in provincial politics and in Medicine Hat civic affairs. At his largely attended funeral on Friday, the government was represented by Hon. Perren Baker, Minister of Education.

Contractors have again started work on the west end of the Waterton Lakes highway as a result of the recent mild weather and it is hoped that work may be commenced shortly near Clarendon. C. A. David son, highways commissioner, announced in Calgary during the past week. With continued warm weather, "gradus" Mr. Davidson, the provincial department is hopeful of earning its full quota under the Canada highways act of 1919 before the next expires on March 31st.

With a total yield of 20,338 barrels of naphtha in the month of December, an average of 656 barrels per day, Royalle No. 4 well in Turner Valley established a new high record. The total production from this well in 1927 was 217,000 barrels as compared with 205,000 barrels in 1926 and 168,722 in 1925.

Plans are under way in charge of a committee of the Lethbridge board of trade to erect a cairn at a date during the coming spring to Nicholas Sheran, father of coal mining in Alberta. Sheran, who came into Southern Alberta as a prospector in 1872, discovered coal near the present site of Lethbridge and soon had a thriving export trade in coal established with Fort Benton and other Montana trading posts. The proposed cairn will be erected by the historical sites commission of Canada.

Cheap and Effective

A "Want" Advt.

That the interest aroused in the New Chevrolets has been well met is indicated by these four photographs of this latest addition to the light car field. The smart sport cabriolet, with its folding seat and disc wheels, is shown in the upper right-hand photograph. In the centre is the sturdy Chevrolet one-ton truck chassis, while at the lower right is the coach model, the body of which is five inches longer than the former. Insets are: upper left, the massive new radiator and head; full crown fenders; right, the powerful and compact motor of the line; lower left, a view of the front end complete with hood and fenders; lower left, a view of one of the four-wheel brakes. The New Chevrolets, which are to be reduced in price, are to be available at once. They are longer and roomier than previous models.

AUCTION SALE!

Having received instructions from the undersigned executors of the E. Zang Estate I will offer for sale by Public Auction on Section 26-15-25-W. 4, 8 miles West and 2 miles North of Champion, on

WEDNESDAY, FEBRUARY 1st

Commencing at 11 O'clock, Sharp, the following:

Twelve Head Work Horses

1 Span Bay Mares, 12 years old

1 Span Geldings, 13 years old

1 Span Black Mares, 14 years old

1 Grey Gelding, 8 years old

1 Bay Mare, 10 years old

1 Bay Mare, 6 years old.

3 Aged Horses

Cattle : *Milk Cow, aged; Milk Cow, fresh in May; Red Cow, 5 years, with calf at foot; White and Red Cow, 8 yrs.; 2 Yearling Calves.*

RED ROSE TEA "is good tea"

Red Rose Orange Pekoe is the finest
tea in the best package—Aluminum

Grain Crops In 1928

The prediction has been made from many sources, and with but few reservations, if any, that the year 1928 gives promise of being one of the greatest years of development in Canada's history, marked by unprecedented activity in mining, manufacturing, building, water-power development, transportation, agriculture, and commerce. The financial resources and financial security are a unit in declaring that Canada is now in a position to take a giant step forward, and that apart from the financial ability and resources of Canada itself, both British and United States money will be available for sound development enterprises.

In the field of agriculture, the basic industry of Western Canada, and upon the prosperity of which much of the growth and prosperity of all Canada industry depends?

It is generally recognized that agriculture occupies a stronger position today than it did a few years ago and that conditions have been steadily improving during the past three years. There is a sense of hopefulness abroad that this situation will continue. In 1928, it is to prove a most important year. Western farmers they must themselves take hold by the forelocks and lay the foundations of that success. It is now when the snow is on the ground and the temperature hovers around the zero point that the first step towards ensuring good crops in the fall of the year must be taken.

Later in the year, especially in the fall, will look assured. Farmers will be able to judge the weather, to brighten sunny days for an absence of frost, rain, and other blighting agencies, and for good weather for harvest and threshing. But a combination of all these favorable conditions will not in themselves assure the West a bumper crop. Something more is required, and now is the time to provide it. The conditions noted above are not within the power of man to determine, but, unfortunately, it is his responsibility to provide the minimum environmental requirement, namely, good clean seed possessed a maximum of germinating qualities.

Unless the best of clean seed is sown, the best and cleanest crops cannot be obtained. If weed seeds are sown, weeds and not wheat, oats, or other suitable grain will result. This fact is so obvious that it would seem quite unnecessary to lay any stress upon it. But what is the situation? All Western farmers know that the 1927 harvest was a failure. A survey conducted by the Saskatchewan Department of Agriculture last year in 22 townships samples of grain were taken from the seed drills of the farmers and tested as to grade. Out of each ten samples submitted in wheat, three graded No. 1 or No. 2, four graded No. 3, and three graded rejected. In barley, there were nine samples graded No. 1 or No. 2, and six per cent graded No. 1 or No. 2, and four graded No. 3. Sixty per cent rejected. As in the case of wheat, the oats rejected was caused chiefly by the presence of noxious weeds. In other words, only three out of every ten farmers were sowing good, clean seed wheat, and only 16 out of every 100 farmers were sowing good, clean seed oats. Under such conditions, how can Western farmers expect to obtain large yields and a highly profitable return from their land?

Ninety-seven per cent of the farmers in those townships were using cleaning machinery of some kind, while 92 per cent were using one or another of the recognized methods of treating grain for straw. It was evident, therefore, that the main cause of the failure of the cleaning machines was not so much in the make of the machine, as in the man operating it. Another factor, of course, was the extent of the pollution of the seed stock. The moral is, that farmers should at this time overhaul their seed cleaning machines and make a close study of the best methods of operation. Of major importance is the obtaining of the cleanest possible seed, and this can be done.

There is a lack of time in the chain of the Canadian Steel Trade Association that an investment too often overlooked in these days of mining and oil speculation, is the one of better seed. The assertion is made that one dollar invested in better seed during the spring should return at least six or seven dollars in the fall, and with right conditions and care it may return as high as ten or fifteen dollars.

There are many other factors involved,—but unless good, clean seed is sown it is certain that a crop can never be harvested. It is necessary to begin at the beginning, and the seed sown is the beginning, whether it be of a crop of hard wheat or noxious weeds.

What "Toc H" Means

Stands For Titled House Which Commemorates Heroes Of Flinders Rileys

Probably nothing in the way of phrase is more widely known, and yet so little understood, as "Toc H." A simple definition of the mystery. It is described in one of our recent publications as "Merely an affectionate diminutive of the signaller's trick for saying 'T.H.' amid the noise of war."

It stands for Talbot House, a memorial "house that lives built" at Ypres, near Ypres, just 12 years ago, and commemorates young Gilber Talbot, son of the Bishop of Winchester, and also the lower of man's two natures, the animal and the divine. The lump of remembrance in Toc H Chapel—All Hallows-by-the-Tower—is to be kept again for all time to effect moral regeneration of the whole world.

Brian's Merchant Marine

Expire Own Half of Existing Tonnage Of World

No nation suffered as we did during the war. Our merchant marine lost all the ships of the fleet, and the world's oceanic air losses were correspondingly severe. It almost looked for a time as though the casualty it met with would force us to relinquish for whole generations our pre-eminence as the chief carriers of the world's trade. Yet here we are ten years after the close of the war, we won half the existing tonnage, and we are building over three-fifths of the new vessels. The trouble lasted three months.

I am sending you a sample for Cutica Soap and Ointment and send for a free sample. I purchased mine at the drug store and it has completely healed." (Signed) John A. Macmillan, South West N.Y.

Nothing quicker or safer than Cutica Soap and Ointment for the cure of skin diseases and burns.

Sample Each Free by Mail. Address Canadian Cutica Company, 1000 St. Paul Street, Montreal, Quebec, or 1000 Franklin Street, Vancouver, B.C.

Cutica Soap—\$1.00 per lb.

Cutica Ointment—\$1.00 per lb.

Cutica Salve—\$1.00 per lb.

Cutica Liniment—\$1.00 per lb.

Ward off Flu and Pneumonia

a single sip proves it

WORLD HAPPENINGS BRIEFLY TOLD

Colonel Charles A. Lindbergh has been invited to make a good-will tour of Alaska next summer.

Clarence D. Chamberlin, trans-Atlantic flier, plans to attempt a new record for endurance and altitude flying.

The department of external affairs has denied a report that Canada contemplated establishing a legation at Tokio.

Hon. Frank Kellogg, Secretary of State, plans to visit Ottawa in early April, leaving Washington on February 5.

A national campaign against greyhound racing has been launched in Scotland, among the supporters of the movement being J. Ramsay Macdonald, Prime Minister.

The majority of the world powers would be prohibited from further use of submarine by a resolution introduced by Representative Fetheringham, Washington.

Henry Ford announces that he is planning an aeronautic trip to Brazil to hunt a rubber plantation which his company will develop as a private enterprise.

Charles Stewart Phipps, M.L.A., died suddenly at Medicine Hat as a result of a stroke. He was a member of the Alberta Legislature in the Stewart Government, a Liberal administration.

Fifteen Russian inhabitants of the territory adjacent to the Russo-Finnish frontier, were convicted of espionage recently by the revolutionary tribunal and three of them sentenced to death.

June 11 has been selected as the date for the opening of the National Conference of the Canadian Legion British Empire Service League. The conference will be held at St. John, N.B.

Major Tien Lee Huang, Chinese aviator, plans to fly from Los Angeles to China in November. He expects \$100,000 among Chinese merchants for the project. He will attempt to have Col. Charles A. Lindbergh pilot the plane.

The Laziest Man Dead

Had Let Mother Support Him For Thirty Years

George Thompson, who long had the reputation of being the "laziest man in the world," died at Lurgan, County Armagh, Ireland.

George took to bed in early manhood and declined to leave it for 30 years, until his mother, who supported him, was forced to enter the workhouse. He died unmarried. The authorities said that he could not lead there, but he stayed with them anyway until his death.

The seaweed collected along the Breton coast of France brings in the sum of \$100,000,000 annually. Most of this is used in the manufacture of iodine.

The toy industry of the United States shows an increase of more than 1,300 per cent. in the last twenty years.

WAS VERY WEAK NERVOUS AND MELANCHOLY

Mrs. Gert McKenzie, Campbellfield, Ont., writes: "I am about 15 years old and I have been very weak and nervous, the cause of it, I think, was my going through the change of life."

"I was very weak and melancholy, and so nervous I could hardly bear to hear a clock ticking, and I did not sleep well at night."

"I was advised to go to a doctor, so I went at once for a horsey, took some medicine, and before they were all gone I fell asleep again and did not mind any noise, and I can sleep well now."

"I am not recommended them too highly to others, as I did not find them to be of much use."

not recommended them too highly to others, as I did not find them to be of much use."

Predicts New Airship Service

Ships Will Leave Montreal and Britain Daily, Says Commander Burney

There will be a regular airship service between Canada and Britain and between England and New York, similar to the present shipping services and perfectly practical from the flying point of view, declared Commander Burney, prominent British air authority, in an exclusive interview with the British United Press recently.

He added that he was going to the United States and Canada to arrange a regular ocean liner service between the two continents and that after a demonstration flight it was proposed to establish a regular trans-Atlantic service.

Commander Burney said the airships will leave each side of the Atlantic ocean daily and will be ready for service in the fall of the year. The first liners leave England on Monday, will arrive at Montreal or New York on Wednesday night, while a ship leaving Canada or the United States on Sunday will likewise reach England on Wednesday, so they will meet each other in mid-Atlantic. The ships will range from 80 to 125 pounds per tonning. Montreal, which is expecting a moring mast, will be the centre of airship traffic.

For the start of the airship service has not yet been settled, but the proposed flight of the R-100 will be next July and it is probable that regular sailings will begin a few months later.

Commander Burney said he was going to command financial interests in Canada and the United States in connection with promotion of the scheme.

Things That Make Life

Using Our Initiative Is Better Than Being Helped

Anything that causes initiative, anything we must put up to keep our place in the world, anything we must do ourselves, we expect. Recently W. T. Patten, of Peapleton, Ore., says the Pathfinder, dug up a huge freak, his patch which resembles an airplane in its general contour. Patten has now christened the spirit "The Spirit of St. Louis."

The potato resembles a monoplane. It has the wings, wheels, body, and even the pilot perched in the fuselage. The potato plane measures seventeen inches from wing to wing. Although the State Agricultural College has not yet received a scientific opinion on the subject, one of Patten's neighbors says there is little doubt that the spud's shape was influenced by Lindy's recent flight over the state!

Buffalo Meat For Eskimos

Part of This Meat Recently Killed Has Been Recovered

Fifty buffalo carcasses cut out of the thousand recently slaughtered by contract at the Walnwright Park, Alta., have been recovered by the Northwest Territories Game and Fish Department of the Interior, Ottawa. The meat of these animals will be shipped and dried for shipment to the Eskimos in the extreme northern part of the Dominion to help replenish their food supply which has been reduced by the diminishing of the herds of Caribou in parts of their hunting grounds.

One of the laziest white men in the world is a young Briton who had charge of a coconut plantation on an island in the Solomon group. His letters from home are usually ten months old by the time he receives them.

Butterflies in Europe are turning black from eating manganese and lead salts deposited from factory smoke on the leaves of their food.

A Smartly Simple Frock

This is a very simple frock and is an unusually smart style. The skirt is an inverted pleat in the centre-front and is gathered at the waist. The bodice is at the left side, and the back is in one piece. Contrasting material is used for the belt and the bodice. Knit sleeves and the long collar. No. 1698 is for misses and small women and No. 1700 is for young girls. Price 18 (36 cent) requires 53 yards 36 inch, or 2½ yards 51-inch material, 1 yard 6 inches lace, 1 yard 10 inches (crosswise), Price, 20 cents the pattern.

Many styles of smart apparel may be found in our Fashion Book. Our designers illustrate their patterns in color, and the designs in the book and their creations are those of tested popularity, brought within the means of every woman. Price of the book 10 cents the copy.

MUCH INTEREST IN COMING SESSION OF PARLIAMENT

Ottawa. Questions which arose at the recent Dominion provincial conference promise to have considerable predominance in the legislation of the impending session. It is hoped to bring in a bill to meet the views of the western provinces, especially for representation by population, and generally to harmonize federal and provincial authority in respect of company incorporation, it was learned.

Presently there may be a bill respecting Alberta's resources, that is, before the session ends, a final judicial determination is reached in the educational aspects of the autonomy bill. It is thought that if the Alberta bill may become the only one on the bill it may be taken before the Privy Council. That tribunal has demurred against hearing it because the Dominion Government, in its anxiety to have a final decision, came off for all, is resuming its case from the Supreme Court judgment here sustaining its own contention. This is unusual and the matter hangs fire.

Now that, on the one, previously independent Alberta's legislative committee has reported, no doubt the Government will develop and announce, for the future, if not the immediate present, a policy in relation to this great national enterprise.

Great interest will attach to the trade and commerce bill, which will be apportioned in proportion to what it contains. Both in tariff and taxation changes considerable is expected. It is believed the subsidies temporarily given the Maritime Provinces last year will be made permanent.

Other questions now under discussion, which were discussed at the conference, are financial requests for a continuation of the grants in aid of highways and for the promotion of technical education.

In a bid to amend the Parks Act the boundaries of parks in Alberta will be decided in a treasury a recess session. Rivers or streams per certain villages may be excluded, as well as the Peaceful Valley, where there is coal.

Slayers Pay Penalty

Mr. Ruth Snyder and Henry Judd Gray Die In Electric Chair

Sing Sing Prison, Ossining, N.Y.—Mr. Ruth Snyder died in the electric chair muttering biblical quotations, and Henry Judd Gray followed her to death, seconds later. Their lips moved but no human or no audible sound. The State had selected its penalty for the murder of the woman's husband, March 20 last.

Mrs. Snyder was led sobbing and shaken to the death chamber by two men who stayed with her until the end.

As she walked to the electric chair she cried out, "Forgive them, Father, for they know not what they do."

No Announcement

Ottawa—Premier Mackenzie King declined to make any announcement with respect to the report of the national advisory committee on St. Lawrence Seaway construction. He stated merely that the report had been received. As the subjects treated in it were matters of international negotiation, it seems likely that no announcement will be forthcoming until Parliament meets.

May Purchase Rifles

London—The rifles which Canada is to receive as part of its military from the Free State of Spain may come plus stock which are to be shipped to help the Free State public funds.

A report in Ottawa was that 1,200 rifles had been purchased for the Canadian volunteers reserved at a cost of \$7 each, but it is stated at Belfast that the negotiations are not yet concluded.

Urges Huge Naval Expansion

Washington—Approval of the administration's \$725,000,000 new warship construction program was urged upon Congress by high naval officials as necessary to the establishment of a navy which would be able to protect our marine, preserve our marine trade routes, and provide adequate national defense."

A Wise Gift

Baltimore, Md.—A gift of \$105,000 to Johns Hopkins University for the study of the "origin, nature and possible cure of the common cold" has been announced. The gift was made by the cholesterol manufacturer to the school of public health and hygiene.

Death Of Noted English Writer

Thomas Hardy, Dean Of English Literature, Passes In 87 Year
Dorchester, Eng.—Thomas Hardy, aged dean of English literature, is at his home here after a month's illness.

The famous 87-year-old novelist had a child December 12, and thereafter his condition was alternately hopeful and then critical, his age impeding his efforts against recovery.

With Hardy's death one of the greatest of the Victorians, scores of whose novels of English life were laid in his beloved Wessex where he lived most of his years, passed from the literary scene.

Hardy died in surroundings which, he doubt, would have chosen for his end. The historic country side of Dorset, where he was the most loved of poets, still more than 40 years after the novelist planned and built a fine brick and stone country house which has been his home and sanctum ever since. It was in this home that he produced some of the greatest literature of modern times.

Involves Big Revenue

Validity Of Alberta Coal Tax Is To Be Tested

Edmonton. The validity of the provincial coal tax, which represents a sum of \$300,000 annually to the provincial treasury, is to be tested before the provincial legislature at the forthcoming Easter sitting. It was announced recently, and the Province is "ready" to go ahead with the case.

The question arises whether the tax is constitutional, and the Canadian Coalition Colleagues Limited, is to proceed with, in place of pushing the more recent action in which the C.P.R. was cited as defensible.

The question is one of the right of the province to collect a tax on every coal mined in the province and the decision hinges on whether or not such tax is a direct or an indirect one. It is held to be a direct tax, the province having the power to enforce collection; if the reverse, the province loses \$300,000 per annum.

Premier's Present Is Coming To America

Visit Is Purdy One Of Courtesy Says Cosgrave

Southampton, England—Sir William T. Cosgrave, of the Irish Free State, and Henry Judd Gray followed her to Canada, the two States abroad the steamer Homeric.

The president plans to spend about 10 days in North America, including a side trip into Canada. The visit will be a social one in Dublin, a recess session. Rivers or streams per certain villages may be excluded, as well as the Peaceful Valley, where there is coal.

"This is a visit that we have loaded forward to for a number of years," President Cosgrave said just before sailing. "I firmly believe that the visit will make still happier the relations between Ireland and America."

As she walked to the electric chair she cried out, "Forgive them, Father, for they know not what they do."

Leads World In Shipbuilding

British Yards Doing More Than Half Says Lloyd's

New York—More than half the world's shipbuilding is being carried on British yards according to facts disclosed by Lloyd's Register of Shipping.

Ships now under construction in all countries amount to a tonnage of 31,18,000, an increase of 44,000 gross tons over the corresponding quarter of the previous year. Of this, 16,000 gross tons, 1,579,743 tons, the United States, with 97,370 tons, dropped from fourth to eighth place during the quarter and is eclipsed by Germany, Italy, Holland, France, Sweden and Denmark, as well as by Great Britain.

New Senators Appointed

Ottawa—Three Senatorial appointments in Ontario were announced by Macdonald, King, J. H. Stevens, Jr., of Montreal, G. L. London, Ont., and Dr. Gustave Lacombe, of Tecumseh, are appointed to the Senate. The T. A. Bernier, Ottawa, becomes a member of the privy council, the prime minister announced.

Carded First Air Mail

Monton, N.B.—After numerous delays, the first air mail to be fixed in Canada, the Canadian Trans-Canada Airways company aeroplane, carrying the first air mail for the Magdalen Islands, left from Moncton, Jan. 11. E. J. Cooper, veteran British flier, was the pilot and he took some 700 pounds of mail.

Born Moribund

Victoria.—Attorney-General Mansfield has taken up his residence in a roomy, comfortable, present display in the picture houses of British Columbia pictures of the Los Angeles Marian Parker murder case.

Seeking Discipline System For Lawyers

Sir James Alton Creating Whole Time To Question

Toronto.—The problem of a Dominion-wide system of discipline for erring members of the legal profession became of immediate interest to Sir James Alton, a former lieutenant-governor and former chief justice of Manitoba.

The question is engaging the whole of Sir James' energies at the present in his task of creating a code for all the Canadian provinces. He conferred in Toronto with the benchers of the law society on the Ontario aspect of the proposal.

The question of discipline has been raised by the legal profession for some time as one which should be faced but it has been left for Sir James Alton, since his retirement from the presidency of the Canadian Bar Association to endeavor to work it out.

At the present time the only penalty which can be evoked against a lawyer who is guilty of serious professional misconduct is disbarment by the court of the bar. This situation is so drastic since it deprives the offender of his livelihood as to rarely invite.

WOULD DISPOSE OF TWO ROADS IN PEACE RIVER

Montreal.—Possibilities of increasing development of the Peace River District, and prospective problems to be derived by her action in that area, were pointed out by Hon. John E. Browne, K.C., Premier of Alberta, in an interview.

Premier Browne explained he had called a meeting for today to discuss the Alberta railway question with Sir Henry Thornton, president of the Canadian National, and E. W. Eddy, president of the Canadian Pacific.

Both the provincial government,

he said, "is officially inspired from Ottawa." The statement says the first of the new ships will be laid down next month. The Canadian Parliament approves her action in that regard. It adds that the Province is still interested, as the second destroyer will be ordered for delivery, thus spreading the total output over two years.

Mr. Woods says "A point which the measure raises in my opinion is that the Canadian Department of Defense has asked the British Government to loan two destroyers to reinforce the Canadian government's naval forces under arrangement. I earnestly feel that if I were a Canadian I should say, 'Why buy battleships at all so long as you can borrow them?'"

Premier Browne explained he had called a meeting for today to discuss the Alberta railway question with Sir Henry Thornton, president of the Canadian National, and E. W. Eddy, president of the Canadian Pacific.

Mrs. M. A. THERRIAULT, Champion

Local and General

Mrs. J. S. Collins was a visitor to Calgary during the week.

Mrs. Martin Clever, of Calgary, is visiting her sister, Mrs. Cowell.

Mrs. Jas. Brown was taken ill on Friday last and her condition is still serious.

The W. I. programs for 1928 are being printed and will soon be ready for distribution.

It is understood the Masons of Champion will entertain at a big affair in the near future.

Mrs. W. S. Ryan and her sister, Mrs. Roberts, visited Banff prior to the latter's return to her home in Toronto.

Messrs. Clapp, Patterson, Bent and D. McRae left for Calgary on Tuesday, where they will play in the bonspiel.

H. E. Smith has returned to Champion from Spokane, where he had been for some weeks past on a visit to his sister, Mrs. E. Davis.

Remember the O.E.S. Valentine dance in Campbell's hall on January 14th. Good music, lots of fun, balloon dances, lucky heart waltz, prizes, etc.

Mrs. L. J. Adams had the misfortune to fall on the ice in the yard, injuring her left arm so badly that she will carry it in a sling for some time.

E. Siler, a moose hunting fame, shot two wolves while on his way to town on Tuesday. As the pelts are worth some \$30 Si made a nice day's pay. Better be born lucky than rich.

The gradual resumption of the use of trucks in the hauling of grain together with moderately good sleighing should soon solve the problem of delivering the threshed wheat to the elevator. Those whose threshing is still to do are looking forward hopefully to an opportunity to have it done before seeding operations are necessary.

K. R. McLean, 210-212 Herald Bldg., Calgary, sight specialist wishes to announce that he will visit Champion, at the drug store, Friday Jan. 27, 1928.

Mr. and Mrs. J. W. Murphy, late of the Savoy hotel, will spend the balance of the winter in Calgary, moving early in the spring to their farm at Travers. While here they have made many friends who will wish them success.

Friends of Mrs. Charlie Starr will be sorry to hear of her son's illness, necessitating her removal to sanitarium. Mr. and F. H. Starr have taken charge of the children. Mr. Starr Sr. is operating a service station at Gardena, Cal.

George Depue returned home from a visit to Chicago this week and is apparently satisfied to stay in Alberta, although he found business very active in the States. His brother, W. L. Depue, is engaged in the real estate business in Chicago, and has been very successful. Mr. Depue also visited his mother at Edinburgh, Ind.

Mrs. W. Campbell and Mrs. Leon Campbell, of Valeen, were guests of Mrs. D. W. Harper this week.

Capt. Dancey, Monday Jan. 23

One great surge whose eyes failed and another who took the name of the first in order to "lose himself" in the world. You'll thrill to the deeds of this great man who made another's name brilliant! -- See "A Man's Past."

A hockey game between Carmangay and Champion juveniles on Wednesday night provided real thrills for the spectators, being hotly contested from start to finish. The final score of 9-8 in favor of Carmangay indicates the real closeness of the struggle, and also the shooting capacity of the contestants. Future games between these teams will be watched for.

Abolition of the office of assistant superintendent, the amalgamation of headquarters and "A" (Edmonton) division, and the creation of a criminal investigation branch, are announced in connection with a readjustment of the personnel of the staff of the Alberta Provincial police force. Under the new arrangement, assistant superintendent J. D. Nicholson, whose position is being abolished, has resigned and inspector W. F. W. Hancock of the Peace River district takes command

of "A" division of Edmonton, replacing inspector J. S. Piper who will become head of the newly created criminal investigation branch. The proposed changes, it is estimated, will effect a considerable economy annually and increase the efficiency of the force.

KY-A-NIZE

FLOOR FINISH

for FLOORS — FURNITURE — WOODWORK

Regardless of whether your problem is worn floors, shabby furniture or scratched woodwork, you will find the solution of every interior finishing question in **Kyanize** Floor Finish.

This high grade varnish is especially made to resist heat, wear and abrasion and it positively will not scratch white under any kind of rough usage.

For these very reasons it is the ideal varnish for Furniture and All Woodwork as well as Floors.

Easy—absolutely easy to apply. It dries overnight with a tough, glossy, brilliant finish that does not show a brush mark or lap. Waterproof absolutely. Great varnish and eight coats of it—let us show you what **Kyanize** will do for your house.
